

All the protein. A fraction of the sugar.

A smooth, high protein mix with **10 g of protein** and just **1.2 g of sugar** in every 100 ml, sweetened by UnSugar Sweet Protein. It drinks like a treat and finishes perfectly clean: **no bitter aftertaste**, no lingering sweetness.

WHAT'S IN THE SHAKER

FOR 100 ml

Whey protein powder

10 g

Sugar

1.2 g

UnSugar

sweet protein powder

2.8 mg

Water

quantity sufficient to

100 ml

FOUR STEPS, FIVE MINUTES

1

Blend the powders

Mix the UnSugar into the sugar first, then blend both into the whey protein.

2

Add the water

Pour the water into your shaker, then add the blended powders.

3

Shake

Shake for 20 to 30 seconds until smooth.

4

Taste

Try it next to your full sugar version. That is the moment.

"Whey brings the protein. UnSugar brings the sweetness. The finish stays clean."

Taste it on your own product.
